Create an account with ACER at https://teacheredreg.acer.edu.au to register for the test.
Log in to your ACER candidate account and during the registration process select “Remote Proctoring” from the test centre drop-down list.
Go to https://www.proctoru.com/tech-requirements/ and read all the information about minimum and recommended requirements.
Go to www.proctoru.com/testitout/ to have your equipment tested
Does your equipment meet all checks?
No
Yes
You have 2 options:
Try from a different computer
Register for a session in a test centre
Enter your name and the institution (Australian Council for Educational Research), and click “Connect to a live person”
Request that a ProctorU Help Desk technician fully test your computer.
Does your equipment pass all checks?
No
Yes
Complete your ACER registration at https://teacheredreg.acer.edu.au
Receive a registration confirmation email from ACER
Go to https://go.proctoru.com/session/new
Create a test taker account. Note: you must use the same email address that you used for your registration with ACER. Select “Australian Council for Educational Research” as your institution.
Book a test session
